DEBATIN®

DEBAPOST™ *These top quality, flexible, block bottom mailing bags made from tear-proof Kraft or recycled paper are available in brown or white. They are suitable for the individual and safe transport of courier and clothing deliveries.*

DEBAPOST™ Paper

Basic paper mailing bags

DEBAPOST™ **Basic** paper mailing bags are flexible mailing bags made from extremely strong Kraft paper. These mailing bags have been optimised for smooth order fulfilment and mailing processes, and protect your products reliably.

- Available in white or brown and as single or double layer mailing bags, they are made from tear-proof Kraft paper
- Single or double closure strip with release liner on the closure flap to facilitate closure and returns
- Easy to open thanks to a convenient, integrated strip

"Open here..." notice in multiple languages, 1 side, 1 colour (black) on the tear strip area of the flap.

Optional

- Products can be made to order on request

* loosely on pallets; other packaging options available on request

DEBAPOST™ Paper

Second Life paper mailing bags

DEBAPOST™ **Second life** mailing bags made from 100% recycled paper protect your products reliably thanks to special moisture-resistant paper. And the best part: after their initial use, these bags can be reused ("Second life") as compostable bin liners for organic waste.

- Single layer mailing bags from brown, tear-proof, recycled, biodegradable paper.
- Automatic bottom folded inwards expands when filled and saves one working step
- Easier to handle thanks to safety flap with double fold. This also conceals the contents from sight and protects against tampering during transit
- Perforated tearstrip (plastic-free)

Our standard range

item no.	colour	material	dimensions (ext.) in approx. mm	pcs per pallet
210 016	brown	100% recycled paper, moisture-resistant and tear-proof	250 x 353 + 2 x 25 mm SF + 80 mm flap	5000 pcs
210 017	brown	100% recycled paper, moisture-resistant and tear-proof	320 x 430 + 2 x 40 mm SF + 80 mm flap	5000 pcs

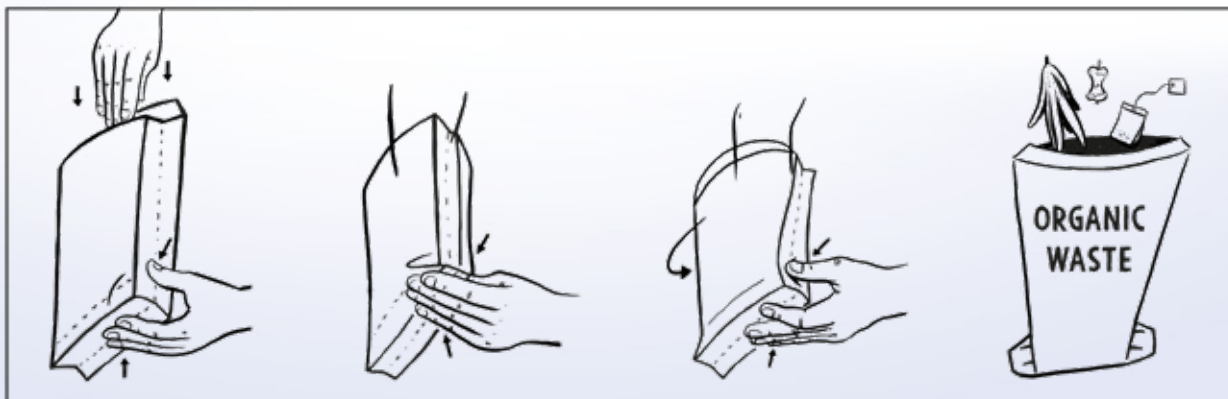

Printed note for all bags:

up to 3-colour printing available on request. Environmentally-friendly printing inks.

Features "arrow" to indicate where to tear open on the flap, and recycling instructions on the rear side (see picture), 1 side, 1 colour (black).

Optional

- Products can be made to order on request

When choosing the right packaging, companies naturally want their products to be protected reliably. They also want their packaging to be easy to handle, stable, and good value for money. On top of these considerations, however, many companies also want sustainable packaging solutions.

The DEBATIN product portfolio includes packaging solutions for the following requirements:

- environmentally friendly, ecological, sustainable
- reusable and biodegradable
- product protection and stability
- flexibility and customisable
- easy to handle
- appealing design, ideal for advertising purposes
- suitable for returns
- special packaging experience

The future lies in climate neutral packaging which uses resources sparingly and can be recycled. Debatin, your strong partner for sustainable packaging solutions, takes care of all your packaging needs.

Our top quality DEBAPOST™ **Premium** paper mailing bags and our DEBAPOST™ **Dispatching returns** bags can be printed to order on request.
