

DEBAPULL™
Pull-tight seals.
No point of access for tampering.

DEBATIN®
SAFE. PERFECT. PACKED.

DEBASAFE

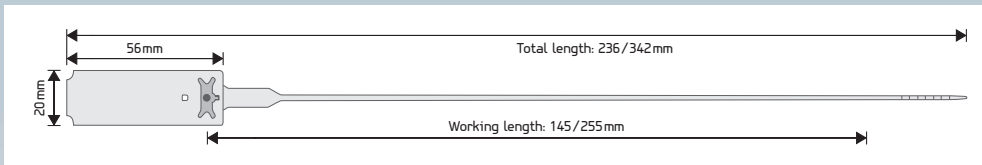

DEBAPULL™ *With its extremely small rod diameter measuring just 2 mm, is ideal for all applications involving narrow openings, guaranteeing a high security level for tamper-evident transport. Digital transfer printing ensures a high level of legibility and abrasion resistance, whilst the smooth, round seal rod is easy to handle.*

Overview of features:

- excellent suitability for multiple applications
- typical areas of application include sealing lorries, tankers, cash boxes, airline trolleys, emergency exit

doors, warehouses, safes, mobile catering trailers, and other objects
