

DEBAAIR™

Air-bubble bags.

Travelling light, getting there safely.

DEBATIN®

SAFE. PERFECT. PACKED.

We take the environment seriously!

For this reason, we use only environmentally-friendly polythene in the production of our DEBAAIR™ products.

DEBAAIR™

The ideal lightweight option with weighty advantages: polythene mailing bags padded with bubble wrap are tear-proof and puncture-resistant, protecting anything which is important or delicate. DEBAAIR™ bags save on postage costs thanks to their light weight. They're also excellent value for money since no further padding is needed. The self-adhesive permanent closure guarantees a safe and secure seal. And instead of waste, easy recycling DEBAAIR™ bags don't need to be binned. They can be recycled with no time spent on separating different materials first. The highlight: DEBAAIR™ products feature an outer document pouch which not only offers secure protection for accompanying papers, but can also hold address and franking details.

Overview of features:

- Contents are offered optimum protection in the air-bubble bag
- Accompanying papers and the address and franking labels can easily be placed in the outer document pouch
- The permanent closure closes both parts simultaneously
- Transparent document pouch
- Extra sturdy welded seam

DEBAAIR™ arrives in style:

- The outer document pouch for accompanying papers can also be used for address and franking labels
- Outer document pouch with overlapping closure available to order
- DEBAAIR™ bags save on postage costs as they are 35% lighter than conventional air-bubble bags - yet equally safe and secure
- DEBAAIR™ bags are available in 5 standard sizes
- DEBAAIR™ in the customer's style – these bags can be overprinted in colour on one side on request (also applies to document pouches)
- Customised editions available, subject to a minimum order of 10,000 / 20,000 pcs (depending on size)
