

DEBAPULL® *Pull-tight seals*
No point of access for tampering

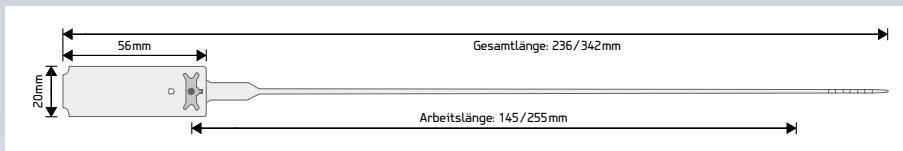

DEBATIN®
SAFE. PERFECT. PACKED.

► **DEBAPULL**® *Pull-tight seals* with their extremely small rod diameter measuring just 2 mm, are ideal for all applications involving narrow openings, guaranteeing a high security level for tamper-evident transport. Digital transfer printing ensures a high level of legibility and abrasion resistance, whilst the smooth, round seal rod is easy to handle.

Overview of features:

- excellent suitability for multiple applications
- With metal insert
(optionally also available without metal insert)
- typical areas of application include sealing lorries, tankers, cash boxes, airline trolleys, emergency exit doors, warehouses, safes, mobile catering trailers, and other objects
