DEBAMED® Protec-Bag

Protective pouch for transporting or storing medical instruments.

➤ The DEBAMED® Protec-Bag is a protective pouch for transporting and storing medical instruments after sterilisation. It is a simple, low-budget solution for customers looking to optimise storage or transport strategies. It can be used as outer packaging for bags, envelopes or bulky products (e.g., baskets, containers etc.) in operating theatres and in general health care environments, ensuring sterilised instruments remain sterile for longer.

DEBAMED® Protec-Bag Protective pouch for transporting or storing medical instruments.
